

## Lawn Care Technician

Do you like working outdoors? Are you self-motivated, and like to work on your own?

We're proud of our people with their "let's make it happen" attitude. We have a positive exciting culture, not a, "that's how it's done around here" corporate one.

Broccolo Tree and Lawn Care, Inc. the premier lawn care and pest control company in the region, is looking for dedicated service technicians to join our growing team. As a company who has received high ratings, we believe that our culture will consistently exceed the expectations of our clients by empowering our most important asset - Our People.

Previous experience is not required, but you must be willing and excited about learning. We do all in house training.

We are looking for hard-working, loyal and dedicated individuals who have a passion for excellence and customer service. If that is you then we look forward to your application.

Lawn Care Technicians work outdoors providing lawn fertilization & weed control services to residential customers. Technicians interact with customers to solve problems, answer questions and provide general customer service.

We are Broccolo Lawn and Landscape Company and our company has been in business for over 30 years, a full service lawn/landscape company and garden center located in Fairport, NY and we're on the move! Even during this pandemic we are growing. Check us out at, [www.broccololawnandlandscape.com](http://www.broccololawnandlandscape.com)

**THIS POSITION REQUIRES A CLEAN AND VALID DRIVERS LICENSE!**
